C. Special Air Force Training Program. Test results from A&E Staff, together with our training evaluations of the 15 students who participated in this program, have been turned over to Lt. Col. Giblo. He assured me the evaluations and test results would be kept in his office and used only as a basis in preparing their own evaluations, which are the ones that will be placed in each individual's personnel folder. Col. Giblo advised that a request has been submitted through channels for a second running of this course which would commence on Monday 3 ~~October~~ and continue for eight weeks thereafter. Our participation in the training would not commence until Monday 17 October.

This item is being recorded here for information purposes only as an indication that the desks now appear to be thinking in terms of groups of trainees, rather than selected individuals.
